Discussion (Including relationship to other Council actions)

15 August 1988 - Public Hearing

Terry Stauffer, appeared before the Commission on behalf of the petitioner. Mr. Stauffer stated that there is an existing 20 foot drainage easement between Lots 34 & 35. He stated that in order to construct a unit on Lot 34 it is necessary to use 8 foot of the existing 20 foot easement. He stated that they have spoken with Max VanCamp of Street Engineering and he indicated that if they would grant an additional 2 feet on the west side of the easement they would have no problem with the easement.

Janet Bradbury questioned that if by vacating a portion of this easement would it create a drainage problem. She also questioned if the County were not the people who had control over drainage easements.

V.C. Seth stated that the county controls legal drains and this is not a legal drain.

Mr. Stauffer stated that this was not a natural drain and should not cause any problems by vacating 8 feet of the drain.
